To access Cochrane Interactive Learning, you will need to:

- Create a Cochrane Account.
- Register for Cochrane Interactive Learning.

2. Click **New users and subscribers** to register.
3. On the **Course registration** page. As the University of Ottawa uses EZproxy, you will see a warning message. Click on **“Please click here first”** in the notification banner to reload the page. This step is crucial.

4. The page will reload, which could take a few second. On the new page that appears, click on **please log in or create an account** at the bottom of the page.
5. Click **SIGN UP NOW** on the account login page and complete the sign-up form.
6. Go to your emails and open the email entitled '*Cochrane Account: action required*' which contains a link to activate your account, click on that link.
7. When you have activated your account, you will return to the Cochrane Interactive Learning registration page. You will see a notification that your registration has been enabled by your organization. Tick to accept the terms and conditions. Click **Register for Cochrane Interactive Learning**.
8. You will return to the main module page, click **Start module** below any module to begin learning.

You will need to log in each time you want to access Cochrane Interactive Learning.
