BIOGRAPHICAL SKETCH

L'udovít Kandra (pseudonym: Peter Klas), was born in Banská Štiavnica, on July 6, 1904. Between 1914 and 1922, he completed his primary and secondary education in his local community. Between 1922 and 1924, he studied in Banská Bystrica where he obtained his teaching certificate from the Institute of Pedadogy. In 1928, he married Paula Päták. While working as a teacher, and later, as a school director, Mr. Kandra was already interested, and much involved, in Slovak cultural and literary life. In the Spring of 1945, Mr. Kandra and his family left Slovakia and emigrated to Austria where they lived until 1949. In 1949, the Kandras emigrated to Canada; with their two daughters, Dana and Olga, they lived in various Ontarian cities: Oil City, Glencoe and Kitchener.

After his arrival in Canada, while Mr. Kandra worked for different employers such as Electrohome Limited, his talent as a writer fully bloomed and he became one of the prolific prose writers among Slovak immigrants. Most of his fiction work was published under the pen name of Peter Klas. He is the author of two published novels (“Satan proti Bohmu” and “Svetlo pod halenou”), a collection of short stories (“Na strome života”) and hundreds of individual short stories published in various almanachs, calendars and newspapers. “As a writer, Kandra filled a certain gap in Slovak émigré literature by his novels and short stories, written in a light, fluent style of the pre-realistic Slovak literary school.”(1)

L'udovít Kandra was also an author “on a political mission.” A determined activist, he used his talent as a great communicator to bring forth the horrors of the occupation of Slovakia and the hard life of Slovaks under Communism. He has published hundreds of articles on these issues in newspapers such as Kanadský Slovák, Slovák v Amerike, Kalendar Kandaskej Slovenskej Ligy, Slovenská Obrana and other Slovak periodicals abroad.

Throughout his writing career, Mr. Kandra was also involved as a lobbyist and political activist in a number of nationalist organizations. Of particular significance, let us note his extensive work and significant influence as vice-president and president of the Slovak National Council Abroad (Slovenská Národná Rada v Zahraničí, SNRvZ). A devout Lutheran, Mr. Kandra also had a long and generous involvement with the “Ustredna Rada Martina Razus”, where he served as president.
In Slovakia, as well as in Canada, L’udovít Kandra was a very humble citizen. An elementary school teacher by profession, he took on blue-collar work as an emigrant living in Canada. He never was a member of the Slovak “intellegencia.” He has never held an elected political office. He lived as a man of limited financial means throughout his life. Yet, through his prolific work as poet, author and free lance writer, and through his extraordinary personal implication as a member of the Slovak diaspora, L’udovít Kandra made a significant contribution to Slovak literature and has had a long lasting impact on the cultural and social conditions of Slovaks living in exile. He died in Belleville, Ontario, in 1993, at the age of 89.

* Data for Mr. Kandra’s biographical sketch was collected from:

CUSTODIAL HISTORY

After L’udovít Kandra’s death in 1993, his collected papers were donated by Olga Kandra Yates (daughter) and Douglas Yates (son-in-law, trustee and executor) to the Archives and Special Collections of the Library Network as a gift to the Chair in Slovak History and Culture. The donation was initiated and facilitated by the current holder of the Chair, Dr. M. Mark Stolárik. Documents were filed in folders and stored in 1 cardboard box, 2 large reinforced boxes and 4 metal file containers. The entire donation was transported by car, by Professor Stolárik, from the Douglas home in Belleville, Ontario to Ottawa, Canada. It was delivered to the Library Network on November 24, 1993 and stored in the offices of Archives and Special Collections awaiting processing, which began in June 1999.

SCOPE AND CONTENT

The Fonds consists of handwritten notes, drafts, holograph and typed manuscripts, galley proofs, printed texts and newspaper clippings of L’udovít Kandra’s extensive literary production of novels, short stories and articles.

A large portion of the Fonds also gathers the correspondence exchanged between Mr. Kandra and his family, his friends, other Slovak emigrants and members of various political and lobbying groups. Another significant portion of the Fonds consists of administrative papers, correspondence and publications related to the Svetový Kongres Slovákov (Slovak World Congress) and to Slovenská Národná Rada v Zahranici (Slovak National Council Abroad) including the Demokratický Blok (Slovak Democratic
A smaller portion of the Fonds consists of various pieces of information collected by Mr. Kandra on topics related to Slovak political and social history since World War II. Some personal papers, memorabilia and a few photographs constitute the remainder of the Fonds.

The L’udovít Kandra Fonds constitutes the most complete collection of primary, secondary and tertiary sources for the study of this prolific Slovak emigrant author’s literary production. It contains most of his works published under the pen name of Peter Klas, a major portion of his articles, conference papers and other works published under his real name, L’udovít Kandra, as well as numerous critical reviews of his work. The correspondence portion of the Fonds constitutes a unique source of information on L’udovít Kandra’s personal, professional and social life. It also provides us with a most interesting insight into the lives of his fellow countrymen living abroad, with a particular emphasis on Slovaks living in Canada. The Fonds offers researchers a significant collection of papers and documents related to two major international Organizations (SKS and SNRvZ) devoted to the recognition, maintenance and growth of Slovak tradition and culture among Slovaks in Diaspora.

A certain portion of documents contained in the Fonds originate from the 1939-1945 period, but the bulk of the material dates from the time of Kandra’s arrival in Canada in 1949 to the time of his death in 1993. Most documents are in good condition.

The Fonds is divided into nine Series which are further described throughout the file list:

Series I: Literary works under pen name “Peter Klas”.
Series III: L’udovít Kandra (Peter Klas) through the eye of the media.
Series IV: Personal Correspondence.
Series V: Personal Memorabilia.
Series VI: Subject Files.
Series VIII: Slovaks in Diaspora After WW II.
Series IX: Organizations.

NOTE ON ARRANGEMENT

The Fonds has been organized in a Series structure to facilitate consultation. Within this framework, “File” headings assigned by Mr. Kandra have been respected. In cases where no heading existed, we established them according to folder content. Folders were assigned sequential numbers. Within folders, items were given a chronological order (oldest dates first, undated items at the end). Correspondence was organized under the alphabetical listing of names of correspondents and then filed in chronological order under each name.
NOTE ON LANGUAGE

The Fonds contains documents mostly written in Slovak, with a smaller portion written in Czech, Hungarian, English and French. Independently of the language, diacritics were ignored in the establishment of alphabetical listings.

Abbreviations used in describing textual literary works include; “ts.” for material in typescript form or “tss.” for more than one item; “hol.” and “hols.” for one or many handwritten texts; “ms.” or “mss.” for handwritten manuscript(s) by other authors; “rev.” for revisions on a text. Carbon copies and photocopies are described as such. The physical extent of unpublished materials is expressed in number of “leaves”, while the collation of published works (books, chapters, excerpts, conference papers, memoranda, etc.) is expressed in number of pages “p.”.

Descriptions of correspondence include the total number of letters exchanged between two individuals: “in” for incoming letters from the correspondent whose name is given to the file, “out” for outgoing letters to this person. The total number of letters exchanged is further broken down into “tls.” for signed or unsigned typed letters, “als.” for handwritten letters, “photocopy of ...”, “carbon of ...”, “notes”, “cards”, “cable”, “telegram” and “form letters” are described as such. Date(s) of letters are limited to year(s), giving span when appropriate. Any material included by correspondents in their missive is noted with the wording “Includes” followed by a brief description of the enclosure(s). Letters previously addressed to the correspondent by a third person and included in the current missive are identified by the mention “With” followed by a description of the added item(s). Some signatures on letters were impossible to decipher. These items have been described under the heading “Unidentified”.

Other abbreviations used in the description of materials include: format of dates expressed in numbers only, “11.12.1987”, this being the eleventh of December 1987; “n.s.” (intellectual property of document or source of publication unknown); “s.l.” (place of publication unknown); “n.d.” (date of creation or of publication unknown); “Approx.” (Approximate number of items). In describing all types of material, geographical locations are always given two levels: City-State (New York, N.Y.); City-Province (Toronto, Ontario); City-Country (Ottawa, Canada; Paris, France). “Item(s)” means indivisible individual document(s). Some personal names carry title abbreviations: “Fr.” (Friar); “Msgr.” (Monsignor); “Rev.” (Reverend); “Hon.” (Honorable); “Col.” (Colonel); “Gen.” (General); “Maj.” (Major); “SS.” (Saints).

Most documents in this Fonds are in good condition. However, a certain portion of letters and newspaper clippings were in poor condition. In such cases, a note to that effect has been included, stating “poor condition”, “very poor condition”. Most of these items were put in special envelopes. In less severe cases, the items have been repaired with archival tape.
NOTE ON ACCESS

There are no restrictions on access to this fonds.

NOTE ON REPRODUCTION

Photocopying is permitted, except when a document is in poor condition.

**File 5. Na strome Života**

This work is a collection of 26 short stories, published in book form by Bosák Publications, Scranton, Pennsylvania, in 1959, 286 pages. In his various bibliographies of works, and on the Fonds contents list included by the author, Na strome života is described as a specific unit, in the same manner as the other works included in the Fonds. Yet, the Fonds does not include a copy of the actual book, nor does it contain a separate “File” gathering the 26 short stories in question. Selected from other collected works (not published as books), the manuscripts of these 26 short stories have been listed and described, where found, i.e. within Files 1 to 4 of Section E. Thus, “File 5” is a “fantom” file, except for a notebook described in the next folder. Based on a note by the author on one of the lists, which reads “Cvičné vydanie,” and taking into account the dichotomies between the “1959” edition published by Bosák Publications edition and the later dates of certain works said to have been part of this work, there seems to have been more than one edition of Na strome života, but no specifics could be found for any of them.

614.41 Notebook containing the original manuscripts of 6 short stories, 5 of which have been included in Na strome života:
- Večera na farme. n.d. Hol. draft, 9 pages.
- Ostali mi škvarky. n.d. Hol. draft, 12 pages. Modified title: Len skvarky ostali. See also Folder 613.12.
- Blizzard. n.d. Hol. draft, 10 pages.
- Farské palačinky. n.d. Hol. draft, 14 pages, with loose note.
File 6. Ecce Homo

This series of short stories was not published as a separate collection. According to the author’s notes included in the Fonds “Ecce Homo” is a series of 19 (20?) novelettes, each one published under a different subtitle in various periodicals, almanachs and annuals. The actual manuscripts are not part of the Fonds, but publication information for each title can be found on the various lists of publications included by the author.

SERIES II: EDITORIALS, ARTICLES, BOOK REVIEWS, LECTURES, ETC.
BY L’UDOVÍT KANDRA

File 1. 1950 - 1960

This file contains writings by L’udovít Kandra, published between 1950 and 1960. The author’s annotation for the file reads “Kopie článkov, uverejnených v Slovenskej Obrana. Čas uverejnenia nezachovaný.” Consequently, creation and/or publication data for most items had to be collected from bibliographical lists submitted by the author, from the author’s notes on the manuscripts and, in some cases, from the contents of the writings. From these sources, some titles are indicated as having been (also?) published in sources other than Slovenská Obrana. For many items, no creation or publication information could be found. Holograph numerals appearing on the manuscripts correspond to the sequential order assigned by the author to items included in File 1. Folders have been described in alphabetical order.

SERIES IV: PERSONAL CORRESPONDENCE
This Series contains Professor Kandra’s personal correspondence with family members, friends, other writers, publication associates, countrymen in Slovakia and in other European countries and fellow emigres in various part of the world, mostly in Canada and in the United States. There is extensive correspondence between Mr. Kandra and fellow members of various Slovak Associations. In these cases, there is often a fine line between “personal” and “official” business. In order to respect the original structure of the Fonds, letters gathered by Mr. Kandra in this portion of his correspondence remained in Series IV, while others will be found in Series VIII. Slovaks in Diaspora After WW II, or in Series IX Organizations.

The material consists of letters, cards, telegrams, form letters, and occasional accompanying documents such as photographs, newspaper clippings, pamphlets, etc. Contents largely represent items received by Mr. Kandra, with a few exceptions of carbon copies of letters sent out by Kandra. Correspondence within Series IV extends over 31 years, i.e. between 1952 and 1983. For the purpose of description, covering years have been qualified as “Files”. Within files, letters have been collected in “Folders” bearing the name of their correspondent, and alphabetically listed. Each folder was given a numerical identifier within its file.

File 2. Slovenská Národná Rada v Zahraničí. (SNRvZ)

Materials in this portion of the Fonds were collected by its creator into 8 large sections numbered from I to VIII, with some folders titled “Listy, doklady a dokumenty”, some simply titled “Korešpondencia” and others titled “Listy a dokumenty.” However, most of these sections contain the same variety of documents: letters, administrative records, memoranda, public documents, etc. In some cases, materials pertain to the general
affairs of SNRvZ and to the interaction between its members. In other cases, folders contain materials primarily relating to individual senior officers of SNRvZ and to their work during their mandate. The last folder contains documents pertaining to the interactions of the political body “Demokratický Blok” within SNRvZ. Folders were primarily identified by year(s), with a portion of them also indicating specific subjects. The original organizational plan of this file was respected in the description of its contents.
