DESCRIPTION OF THE FONDS

1922-1995. - 5,88 linear metres of textual material

BIOGRAPHICAL SKETCH

Dr. Jozef August Mikuš was born on July 3, 1909, in the village of Krivá, Orava county, Slovakia. From 1929, he studied law at the University of Dijon and at Comenius University in Bratislava where he graduated with a J.D. degree in 1934. He then joined the diplomatic service of the first Czechoslovak Republic. During the Slovak Republic (1939-1945), he served as Chargé d’affaires in Spain, and in 1944 became Chief of Diplomatic Protocol at the Slovak National Ministry of Foreign Affairs. Between 1945 and 1948, he served as an advisor to the Slovak National Council in Bratislava. During that time, he was imprisoned three times by the Communists. In March 1948, he fled Czechoslovakia with his wife Renée and their daughter Isabelle. Between 1948 and 1952, he lived in Paris and was a member of the Slovak National Council Abroad. In December 1951, he left Europe for the United States and settled with his family in Washington, D.C. Between 1952 and 1958, Dr. Mikuš was a lobbyist for the Slovak League of America in Washington, D.C. Between 1959 to 1961, he taught History at St. John’s University in Jamaica, N.Y. He also worked as press correspondent (1952-1957), and as legal librarian (1965). He served as a consultant and translator for the State Department (1957-1959, 1961-1965). In 1966, he obtained his Master Degree in Comparative Law from the George Washington University. From 1967 up until his retirement in 1974, he taught Political Science and History at Georgian Court College in Lakewood, New Jersey.

In 1970, Dr. Mikuš was a co-founder of the Slovak World Congress. Throughout his career, he was an active member of numerous other professional, political, and nationalist Organizations on which he served in many capacities.

Dr. Mikuš has been a very prolific writer throughout his long career as a diplomat, a jurist, a lobbyist, a professor, and a political activist. He has published a dozen books, many pamphlets and booklets. He has contributed to at least three books published in collaboration with other authors, and has produced an impressive number of articles in learned journals, Slovak periodicals and American newspapers. As a recognized authority in the many fields of History, in Political Science, and in issues of International Law, Dr. Mikuš conducted many seminars and delivered numerous conferences. His contribution has been significant.

In 1995-1996, Dr. Mikuš left the United States. After a short stay in France, he returned to his native Slovakia where he is still living in 1999.

Data for Dr. Mikuš’ biographical sketch was collected from:
- Various documents from Series III, Personal Files of the present Fonds.

**CUSTODIAL HISTORY**

In the summer of 1995, Dr. Mikuš donated his entire collection of papers to the Archives and Special Collections of the Library Network of the University of Ottawa, as a personal gift to the Chair in Slovak History and Culture. The donation was initiated and facilitated by the current holder of the Chair, Dr. M. Mark Stolarik. All documents were placed in file folders and packed in 12 large (55x35x25 cm) cardboard boxes. Dr. Mikuš personally handed all material to Dr. Stolarik who transported it, by car, from Washington, D.C. to Ottawa, Canada. The donation was received by the Library Network on August 9, 1995.

**SCOPE AND CONTENT**

The Jozef A. Mikuš Fonds is part of the Slovak Collection in the Archives and Special Collections of the University of Ottawa Library Network. The fonds consists of various documents personally collected by Dr. Mikuš over a lifetime of activities as a diplomat, a jurist, a political activist, an immigrant, a teacher, an officer in various nationalist and political associations, and as a simple citizen. The fonds is very much a “personal” collection of documents that reflects Dr. Mikuš’ views and interests on a multitude of topics, and bears witness to his lifetime involvement in the political history of his country of origin, Slovakia, in the life and struggles of his countrymen, the Slovak People, and in the social and political life of his country of adoption after World War II, the United States of America. Gravitating around these major focal points are documents on a variety of subjects from religion to economy, from freedom of speech to education, political parties to arts and culture, famous politicians to nationalist writers, from nuclear arms to aid programs, etc. It includes handwritten notes, holograph and typed manuscripts, galley proofs, and printed texts of Dr. Mikuš’ published and unpublished works: books, articles, conference and symposium addresses, book reviews, and special contributions for Anniversaries, In Memoriam, and Commemorations. The fonds also contains a large and important body of newspaper clippings related to current events at various times, and a significant collection of reprints and photocopies of official documents related to the political and social struggles of Slovakia between 1930 and 1949. A large portion of the fonds gathers the extensive correspondence that Dr. Mikuš maintained with more than 126 people during the active period of his life. Individual issues of journals and periodicals from Dr. Mikuš’ personal subscriptions, internal documents from organizations, conference proceedings, political briefs, memoranda, publicity materials, personal papers, and a few photographs constitute the remainder of the Fonds.
A small portion of the documents date back to the first quarter of the twentieth century; a significant portion originates from the war years of 1939-1945; the bulk of the material was collected after Dr. Mikuš' escape from Slovakia in 1948, and from the time of his arrival in the U.S. in 1952. Most documents are in good condition.

The fonds has been divided in 6 series: Writings and Publications, Correspondence, Personal Files, Organizations, Periodicals, and Topical Files.

**Series 1: Writing and Publications** [1926, 1941-1995]. - 0,83 linear metre (Box 222-226)
This series consists of 5 "Files" of textual documents, gathering some of Dr. Mikuš' literary and scholarly production over 50 years as a politician, historian, jurist, professor and Slovak nationalist activist, in Europe and in the United States. Documents in these files pertain to published and unpublished works. Mainly composed of typed and holograph manuscripts, drafts, galleys, and notes, files within this Series also contain newspaper clippings, background information and documentation (bibliographic references, excerpts from books, pamphlets, etc.), professional and business correspondence, administrative and financial records, all of which pertain to Dr. Mikuš' writings and publications.

For many other works written by Dr. Mikuš, some published, some unpublished, see also **Series V. Organizations; Series VI. Topical Files.** In order to respect the integrity of the Fonds, writings which Dr. Mikuš has filed under further sections have been kept within the original arrangement.

Throughout Series I, Dr. Mikuš' works are referred to as "published" or "unpublished". Please note that this statement is not an absolute certainty. Indeed, it is likely that some titles hereafter qualified as "unpublished" works, may in fact have been published. Unfortunately, in spite of a thorough search of the literature through the many bibliographic resources available to us, there remain some titles for which a source and/or a date of publication could not be established. That may be due to the fact that many "war and post-war" publications did not find their way into formal European bibliographies, and to the fact that many Slovak publications, particularly periodicals, are not included in currently available North American indexes, bibliographies, or bibliographic databases. Consequently, the term "unpublished" should not be taken as a definite bibliographic status statement. Works without publication information have been gathered under this qualifier for organizational purposes, separating these items from those for which we have a definite publication status.

**Series 1 File 1: Books and Pamphlets** [1944-1989]. – 0,54 linear metre (Box 222-224)
File 1 gathers material related to Dr. Mikuš' literary production of books, book chapters & pamphlets, between 1952-1988. Each one of the 17 subfiles deals with a specific work. The first section gathers published titles, listed in chronological order of their date of publication. Translations are treated as independent works, and listed in the chronological order of their own publication date. In the second section, we find
unpublished titles, including unpublished editions of previously published works, and listed in alphabetical order by title. The third section deals with works published in collaboration, with titles listed in chronological order. Documents within subfiles are further organized in numbered folders. Within folders, arrangement is either alphabetical or chronological, depending on the nature of the documents.

**Series 1 File 2: Articles, Position Papers and Thematic Studies [1941-1995]. – 0,24 linear metre (Box 224-225)**

File 2 is organized in 41 subfiles, it contains articles, position papers and thematic studies, produced by Dr. Mikuš between [1943?] and 1995. In the first section, published material is arranged in straight chronological order of publication. Unpublished items are listed in alphabetical order of titles, in the second portion of the file.

**Series 1 File 3: Seminars and Conferences [1926, 1952-1984]. – 0.03 linear metre (Box 225-226)**

File 3 is made up of 4 subfiles covering material of conferences and seminars given by Dr. Mikuš, between 1960-1984, as invited speaker for special events or for special groups. Subfiles are arranged by chronological order of occurrence of the event for which the material was prepared.

**Series 1 File 4: Writings for Special Occasions [1957-1995]. – 0,01 linear metre (Box 226)**

File 4 consists of documents produced by Dr. Mikuš for special occasions, such as a birthday, the anniversary of an event, etc. Documents are arranged in subfiles listed in chronological order of the occasion being marked.

**Series 1 File 5: Reviews [1982-1994]. – 0,01 linear metre (Box 226)**

File 5 is arranged in 5 subfiles gathering reviews written by Dr. Mikuš between 1982 and 1994, his reviews cover books, periodicals, and papers within a series. Material is chronologically listed by publication date of the work being reviewed.

**Series II : Correspondence [1945-1994]. – 1.01 linear metre (Box 226-231)**

Series II consists of textual documents, mostly letters. It contains general correspondence between Dr. Mikuš and many correspondents, these being family members, friends, compatriots, colleagues, work associates, etc. Even though there may be a few exceptions, correspondence relating to Dr. Mikuš' published and unpublished works, as a rule, has been described in Series I, and correspondence with, or on behalf of Associations has been collected under Series V.

Files are organized in alphabetical order by the name of the correspondent. Within each file, documents are arranged in two categories: "in" letters, i.e. those received by Dr. Mikuš from the correspondent; "out" letters, i.e. those sent by Dr. Mikuš to the correspondent. In the basic description, covering dates of the correspondence are
Series III: Personal Files [1944, 1951-1993]. – 0,3 linear metre (Box 231-233, HF3)
Series III consists of files of textual documents from the personal records of Dr. Mikuš. These documents give us an insight into Dr. Mikuš' life as an immigrant in transit, a "new American" scholar seeking employment, a civil servant working as interpreter and translator, a college and university teacher, an academic administrator, a private individual, a citizen involved in his community. The files consist of a ship newsletter, employment correspondence, grant applications, study notes, teaching materials, syllabi, insurance policies, accounts, income tax returns, statements of assets, various other papers from everyday life and an official certificate from the Orden de Isabel la catolica.

Series IV: Periodicals [1948-1992]. – 0,29 linear metre (Box 233-234, HF3)
Series IV contains issues of periodicals from Dr. Mikuš' personal collection. Materials collected under 28 distinct titles include journals, newsletters, newspapers and government documents. Except for 3 titles separately stored because of their format, publications are listed in alphabetical order, and for each title a brief bibliographic description is given and holdings are indicated. Many items are in brittle condition.

Series V: Organizations [1922-1991]. – 0,97 linear metre (Box 234-239)
Series V contains textual documents providing important and extensive information on organizations aimed at the conservation and survival of the Slovak heritage, and on other political and cultural corporate bodies devoted to the promotion and defense of rights of minorities in Europe and in America. The type and amount of documents collected under each of the 57 organizations included in Series V vary considerably and cover a wide spectrum of subjects, from the creation, history and constitution of an organization, to its internal operations, public activities, congress and conferences, publications, etc. It consists of form letters, official and informal correspondence between members/or Officers, agenda and minutes of meetings, programs and proceedings of conferences, public declarations, position papers, briefs, press releases, journals, newsletters, newspaper clippings, etc. For every organization listed in this Series, the Slovak or Czech form of the name has been given priority if it appeared on the document, followed by the English (or French, or German, etc.) form when readily available from the material. When the non-slavic name was obviously the more common appellation of an association, no attempt was made to create its Slovak or Czech equivalent. Files are listed in alphabetical order of organizations, and material within files is arranged in chronological order. Documents gathered in Series V give us an excellent insight into the life of various European and North American Organizations, while testifying to the level of Dr. Mikuš' personal involvement in "the Slovak cause" through his various memberships and active committee work.

Series VI: Topical Files [1924, 1942-1995]. – 2,48 linear metres (Box 239-252)
Series VI constitutes the largest portion of the Mikuš Fonds. It can be described as a “thematic” section where we find hundreds of documents collected by Dr. Mikuš on political thought, political regimes, political events, war and peace agreements, international law, American history and life, freedom of nations, etc. Series VI also contains material on famous public figures, less known individuals, various churches, education, freedom of speech, nuclear weapons, economic growth, and numerous other topics of interest to a universal scholar. There is also an important number of documents on Slovakia, its history, politics, people. The Topical Files in this Series contain all types of documents, from memoranda to private letters, from portion of books to publishers catalogues, from newspaper clippings to manuscripts, from personal notes to conference papers, etc. Files under names of individuals contain material on these individuals and/or by these individuals. Life dates for these persons have been included only when readily available from materials in the file. Many of the items collected within this portion of the fonds could easily have been integrated into one or the other of the previous Series, such as Writings and Publications, Personal Files, Correspondence, or again, in the Organizations Series. Nevertheless, in order to respect the intellectual legacy of Dr. Mikuš’ beloved collection of papers, Series VI has been kept as a separate entity, and file headings assigned by Dr. Mikuš have been maintained, except in cases of obvious duplication (ex.: Europe, Eastern and Eastern Europe). To facilitate consultation, topics have been arranged in a strict alphabetical order, with subdivisions created under some larger subjects to better handle volume. Within folders, documents have been described and grouped mainly by format, such as newspaper clippings, letters, manuscripts, etc.
NOTES

Note on arrangement
The fonds has been organized in a Series structure to facilitate consultation. Within this framework, file headings assigned by Dr. Mikuš have been respected. In cases where no heading existed, we have established them according to folder contents. Under each Series, documents are thus grouped under numbered file names, followed by subfiles (with name & number) when necessary. Names of files and subfiles can be that of an individual, the title of a literary work, a historical period (based on *Slovakia: A Political History 1918-1950*, by Jozef A. Mikuš, Milwaukee, 1963), a chronological division (dates), or a “subject phrase” based on the Library of Congress’ List of Subject Headings. In the case of large files and/or subfiles, documents were given sequential folder numbers. Inside folders, items were filed in chronological order (oldest dates first, undated items last), or in alphabetical order when appropriate. Some documents had obviously been filed in the wrong folders; when found, these items were incorporated in their appropriate place.

As a rule, records have been described in accordance with local guidelines for archival description (based on RAD) used in other Guides and Inventories produced by ARCS. More specifically, descriptions of correspondence and of literary materials have been modeled on *Inventory of the Papers of Robin Skelton in the University of Victoria Archives*, by Anne Maclean, Victoria, B.C., 1990.

Note on language
The fonds contains documents mostly written in Slovak, in Czech, and in English. In smaller numbers, one will find documents in German, Russian, Hungarian, Italian, Spanish and French. Independently of the language, diacritics were ignored in the establishment of alphabetical listings.

Abbreviations used in describing textual literary works include; “ts.” for material in typescript form or “tss.” for more than one item; “hol.” and “hols.” for one or many handwritten texts; “ms.” or “mss.” for handwritten manuscript(s) by other authors; “rev.” for revisions on a text. Carbon copies and photocopies are described as such. The physical extent of unpublished materials is expressed in number of “leaves”, while the collation of published works (books, chapters, excerpts, conference papers, memoranda, etc.) is expressed in number of pages “p.”.

Descriptions of correspondence include the total number of letters exchanged by two individuals: “in” for incoming letters from the correspondent, whose name is given to the file, “out” for outgoing letters to this person. The total number of letters exchanged is further broken down into “tls” for signed or unsigned typed letters, “als.” for handwritten letters, “photocopy of ...”, “carbon of ...”; “notes”, “cards”, “cable”, “telegram” and “form letters” are described as such. Date(s) of letters are limited to year(s), giving span when appropriate. Any material included by correspondents in their missive are noted with the wording “includes” followed by a brief description of the enclosure(s). Letters
previously addresses to the correspondent by a third person and included in the current missive are identified by the mention “With” followed by a description of the added item(s). Some signatures on letters were impossible to decipher. A note to this effect has been included.

Other abbreviations used in the description of materials include: format of dates expressed in numbers only, “11.12.1987”, this being the eleventh of December 1987; “n.s.” (intellectual property of document or source of publication unknown); “s.l.” (place of publication unknown); “n.d.” (Date of creation or of publication unknown); “Approx.” (Approximate number of items)

In describing all types of material, geographical locations are always given two levels: City-State (New York, N.Y.); City-Province (Toronto, Ontario); City-Country (Paris, France). “Item(s)” (indivisible individual document). Some personal names carry title abbreviations: “Fr.” (Friar); “Msgr.” (Monsignor); “Rev.” (Reverend); “Hon.” (Honorable); “Col.” (Colonel); “Gen.” (General); “Maj.” (Major); “SS.” (Saints). Some personal names carry title abbreviations: “Fr.” (Friar); “Msgr.” (Monsignor); “Rev.” (Reverend); “Hon.” (Honorable); “Col.” (Colonel); “Gen.” (General); “Maj.” (Major); “SS.” (Saints).

Most documents in this fonds are in good condition. However, a certain portion of letters and newspaper clippings were in poor condition. In such cases, a note to that effect has been included, stating “poor condition”, “very poor condition”. Most of these items were put in special envelopes. In less severe cases, the items have been repaired with archival tape. Some documents have been photocopied to facilitate current usage.

ACCESS

Dr. Mikuš has imposed no access limitations on his fonds. However, three files have been restricted for a limited period of time. These files have a red dot preceeding their file number.

REPRODUCTION

Photocopying is permitted, according to the Canadian Copyright Law and general practice in Canadian archives, except when the document is in poor condition.

Subfile 10. **Foreign Policy and Diplomacy.**

N.B. Around the concepts of "Foreign Policy" and of "Diplomacy", Dr. Mikuš has worked on several manuscripts. These works, written in Slovak, in English and in French, underwent many title changes, the internal arrangement of their contents has been repeatedly modified, and much duplication exists from one manuscript to the other. Various chapters and/or sections of the original manuscripts have obviously been modified and reshaped to become intended articles. It is also likely that part of the material contained in Subfile 10 was later used as teaching material for Dr. Mikuš' courses.

225.20 Background information material: journal articles, reviews by Dr. Mikuš of other people's works, newspaper clippings. 24 items.

225.21 Full text of manuscript. Carbon ts., 14 leaves.

Even though this could not be firmly established, it appears that material gathered by the author under this general title consists of a series of (published?) articles and "letters to the Editor", each with its own specific title, & each dealing with a specific aspect of the political situation in Slovakia following the Hungarian uprising of 1956. The various questions dealt with in the individual articles, follow the general plan established by the author for the overall title "Slovakia After the Hungarian Uprising": Introduction; I: Student
Demonstrations; II: Czech and Russian Occupation; III: Ideological Effervescence - Writers Against Socialist Realism; IV: Economic Situation; V: Slovak National Problem; VI: Political Trials; Conclusion. Some texts dealing with a more general overview of the Slovak political situation, although not specifically identified, may have been intended for the Introduction or the Conclusion.

225.23 Table of contents. Rough draft of plan. Hol., 1 leaf.

225.24 Various texts, mostly "letters to the Editor", giving an historical background to the political situation in Slovakia in 1956:

225.25 Part I. Students' Demonstrations.
- Background information material: newspaper clippings re demonstrations. 5 items.

225.26 Part II. Czech and Russian Occupation.

International Law
Dr. Mikuš has produced and collected a considerable amount of material on the many aspects of international law. Documents range in topic from the definition of “State” to the right of nations to self-determination; from the role and interventions of the United Nations to the creation of an international tribunal; from the implication of the Catholic Church in the world peace process to the impact of specific American policies on international dynamics; from the ontology of international politics to the role of international lawyers; from the theories of international equilibrium to the specifics of a new world order, etc. The few subject categories established by Dr. Mikuš within this large file have been maintained, and materials found within these files have been kept together. Unfortunately, most of the documents filed by Dr. Mikuš under the general heading of “International Law” had no further subdivisions. To minimize this shortcoming and to facilitate consultation, without infringing on the intellectual integrity of the Fonds, items on similar issues have been grouped and headings have been assigned. Documents within these files appear to have been background information for Dr. Mikuš’ writings on the many issues in international law, partial drafts of his manuscripts, notes for courses given or taken. Documents consist of holograph notes and footnotes on loose leaves, partial texts of manuscripts on scrap paper, newspaper clippings, pamphlets, etc. Some of the newspaper clippings are in brittle condition. Slovakia / Czechoslovakia
The following files on Slovakia are very voluminous and, once again, contain items collected by Dr. Mikuš which have a high level of overlap and could easily belong in one or more folders. This is especially true of material collected under Communism, Politics and Government, Human Rights, Freedom of Expression, Independence, National Identity, Self-Determination. Also, a very large number of newspaper clippings and other types of articles have unfortunately been bundled up without any classification or any specific subject heading. These items cover most aspects of Slovak life in Slovakia and in Diaspora, Slovak politics, Slovak economy, Slovak Organizations, etc., as collected from various publications between 1944 and 1995. To ensure complete coverage on Slovakia and on many other related topics included in Series VI, the user of this Guide needs to scan the content of Box 246. Folders 1-4. Miscellaneous materials.

244.19 Slovakia / Czechoslovakia. Agriculture. National policies and programs. Agricultural trade. Newspaper clippings. 7 items.

244.21 Slovakia / Czechoslovakia. Bél, Mátyás, 1684-1749. Material published in relation to a Swiss exhibition of the life, times, and works of this great Slovak scientist, teacher, protestant pastor, geographer, artist, etc. Addresses and conferences by various people, 1985. Publicity material. Photocopies of tss.; photocopies of newspaper clippings. 10 items.

BOX 245

245.1 and 245.2 Slovakia / Czechoslovakia. Documents (Historical Documents).
Under this general heading, Dr. Mikuš has gathered copies of official and non-official documents that have been used and/or included in his writings on the political history of Slovakia, as background information and corroborative evidence. Documents spread over a wide period of time (1381-1970). Material mostly consists of petitions, memoranda, reports of Parliamentary Committees, excerpts from countries’ constitutions, national and international agreements, acts of parliament, letters from religious and political leaders, etc. All texts are in English, some as their original language, others as translations. Some documents are incomplete, un-numbered, and/or untitled. Files also include portions of unidentified manuscripts: Contents, ts., 1 leaf; Part II. List of Documents, carbon tss., hols., 5 leaves; hols. footnotes, 3 leaves. Contained in 2 files, documents are reproduced in typewritten texts, photocopies from other works, photocopied extracts pasted on paper, journal and periodical issues, etc. Approximately 60 separate documents reprinted on numerous leaves, pages, clippings, etc.

BOX 246

Slovakia / Czechoslovakia. Miscellaneous materials
Contained in 4 files, documents collected under this heading have not been organized by subject. The common thread is their pertinence to Dr. Mikuš’ subjects of interest, as a scholar, a diplomat, a teacher, a patriot, and a Slovak emigrant living in the U.S.A. The order is chronological, with undated items collected in the last file. Material consists mostly of newspaper clippings but also includes photocopies of excerpts of books, issues of periodicals, photocopies of journal articles, newsletters, form letters.

246.4 Slovakia / Czechoslovakia. Miscellaneous materials. Undated. 61 items.
246.5 Slovakia / Czechoslovakia. Politicians and Political Parties.
