IV
BIOGRAPHICAL SKETCH

Imrich Stolárik was born into a poor peasant family on January 16, 1909 in the village of Turzovka. During World War I, the Stolárik family suffered from terrible want and deprivation, but in 1919, Imrich pursued his education, winning scholarships and taking part in the emerging literary and cultural life of Slovakia. He graduated from the Ján Palárik school in Úľina in 1928. For two years he taught school in the villages of Divina and Dlhé Pole in the former Trenčín county and later became a notary. He served in the Czechoslovak Army where he reached the rank of Sergeant, and after his discharge he worked for the Czechoslovak and Slovak Departments of Taxation. As World War II drew to a close, Imrich and his wife Margita (Vavro) fled with their six children to Austria where they lived in refugee camps until 1951. In that year the Stolárik family emigrated to Canada. Living in Hull (Quebec) and working as a laborer, Mr. Stolárik supported his family, studied at night and learned the English language and the Canadian system of accounting. Finally, in 1959 he passed the Civil Service exams and obtained employment at the Dominion Bureau of Statistics in Ottawa, where he worked until his retirement in 1974. As a strong Slovak nationalist, Imrich Stolárik championed the right of the Slovaks to their independence until they achieved it in 1993. In 1951 he founded the Ottawa Branch of the Canadian Slovak League and was its President from 1954 to 1997. In 1963 he was elected to the national Executive Board of the League, rose to Vice-President in 1974 and President in 1978. In 1987 Stolárik was elected Honorary President for Life. He also supported the Slovak World Congress and the Slovak Studies Association. A prolific writer, Imrich Stolárik participated in the literary life of Slovakia while at home and abroad. At the Úľina school he served as Secretary of the Anton Bernolák Literary Society. After he emigrated, he contributed hundreds of political and literary articles to the newspapers Kanadský Slovák, Jednota, Obrana, Slovák v Amerike, Katolícky Sokol, and was for many years the Chairman of the Editorial Board of Kanadský Slovák. He was also one of its most prolific contributors of articles and a generous contributor of financial support. Furthermore, he contributed to Kalendár Kanadskej slovenskej ligy, to Jednota katolícky kalendár and to Národný kalendár. Mr. Stolárik also produced many books on the Canadian Slovak League, on Canadian Slovaks and on Slovak life in Canada. His enthusiasm for Slovak traditions and his spirit of multiculturalism also inspired Mr. Stolárik to launch the monthly ASlovak Spectrum television program, still being broadcast monthly on Rogers Cablevision. In 1980, he helped set up a Slovak School for young members of the community, which also continues. He was a major sponsor of the Chair in Slovak History and Culture at the University of Ottawa and the gift of his archival Fonds to the University Library was only one form of his continuous, generous support.

Mr. Stolárik and his family sponsored and sheltered many refugees, especially in the years after 1968, following the invasion of Czechoslovakia by the Soviet Union. He and other Slovaks in
Ottawa frequently led demonstrations against the Communist occupation until Communism fell in 1989. He was a friend and helper to Officials and Ambassadors of the post-Communist Czechoslovak and Slovak Republics. He was honored by Slovakia in 1997 with the Stephen B. Roman Medal as one of the elder statesmen of Slovak life in Canada. When on November 15, 2000 Imrich Stolárik passed away after a short illness, he was publicly recognized and praised as one of Canada’s great Slovaks and great Canadian patriots.

CUSTODIAL HISTORY:

At the end of 1998, through the intermediary of Professor Mark Stolárik, holder of the Chair in Slovak History and Culture, Imrich Stolárik, Sr. donated his entire collection of documents to the Archives and Special Collections of the Library Network of the University of Ottawa. In the first few months of 1999, the first and most voluminous portion of his donation was put in folders, boxed and transported to the Archives by Mr. Stolárik=s son, Professor Stolárik. In the summer of 2000, a second shipment of documents was prepared and transported by Professor Stolárik, assisted by Professor Susumu Nagayo, a visiting professor from Japan then conducting research in the Slovak Archives. The remainder of the Fonds, along with more personal documents, was brought to our Archives between 2000 and 2005.

SCOPE AND CONTENT:

The Imrich Stolárik Fonds is an important collection of primary documents created and/or obtained by Imrich Stolárik over a lifetime of activities as an engaged Slovak nationalist, a prolific writer and editor, an active member, senior officer and honorary life President of the Canadian Slovak League, a respected lobbyist on the Canadian political scene, and a pillar of Slovak life all across Canada.

A major portion of the Stolárik Fonds consists of documents personally created and/or collected by Mr. Stolarik, from the time of his arrival in Canada (1951), to the time of his death (2000). Many documents were produced in the 1960s, 1970s, 1980s. A proportionately smaller number of items date back to the 1930s, 1940s and 1950s. A fair portion of documents were produced in the 1990s. Mr. Stolarik has also gathered personal collections of material (correspondence, photographs, etc.) obtained form several important figures within the Slovak-Canadian community: Andrej Kučera, Gabriel Kurdel, Juraj Rondoš, Peter Šuffák, Jozef Tapák, Jan Lukác, Karol Murgas, Jozef, Ferancik.

The Fonds contains both administrative records and personal papers in multiple format including textual records, photographs, negatives and objects. It has been organized in seven series: Correspondence; Canadian Slovak League; Ethnic Associations, Organizations, Institutions; Ethnic Periodicals; Imrich Stolárik; Topical Files and Auxiliary Files.
SERIES DESCRIPTION:

Series 1. Correspondence. – 1945-1999. – 97 cm. of textual material (Boxes 541-546)
This portion of the Fonds gathers the professional correspondence generated and received by Imrich Stolárik in his various functions as Senior Officer of the Canadian Slovak League, as a prolific writer, and as a prominent member of the Canadian Slovak community. Even though these folders mostly contain work-related correspondence, a certain number of letters do include a mixture of personal news and personal matters, and items described under the heading Stolarik Family and Extended Family are truly of a family-related nature. For more of Mr. Stolárik’s personal correspondence, see Boxes 568-572. Within this series, correspondence within each folder is chronologically filed, with in letters described first, followed by the description of out letters. Undated letters are generally gathered at the back of the folder. Letters written or received by other Officers of the Canadian Slovak League, or by various other organizations, for which Mr. Stolárik received copies, will be found in Series 2. The Canadian Slovak League. (CSL) (KSL) Part 2. Administrative Documents. C. Administrative Correspondence.

The series is organized into three parts: Part 1. By name of correspondents; Part 2. By country; Part 3. Hate mail.

The Imrich Stolárik Fonds is considered a rich source of primary information on the Canadian Slovak League, the oldest, largest, most influential Slovak organization in Canada. This series is organized in seven parts, as follows:

Part 1 of Series 2 consists of important documents and background information on the history of CSL, from its very beginnings in 1932, to the early 1990s. Part of the material consists of primary documents (official records, legal documents, letters, pictures, testimonies) contributed by many Slovak immigrants and CSL pioneers as background documentation to Mr. Anthony Sutherland’s and Mr. Stolárik’s works on CSL and CSL members. The other types of materials contained in these folders are the actual manuscripts, correspondence, and working documents related to the production and publishing of their various works on the history of The Canadian Slovak League.

Part 2 contains administrative documents pertaining to CSL’s internal workings: by-laws, incorporation, extensive correspondence from 1936 to 1996, various financial records from 1939 to 1999, membership data, materials on legal issues, documents pertaining to the creation and financing of various special projects such as the National Jubilee Fund, the Slovak Memorial Park, etc. One finds corporate records on the election and activities of Executive Members, Central Assembly Officers, Branch Officers. Files also contain a core of materials on many CSL Branches, and extensive files on Branch 63, Ottawa, where Mr. Stolárik was President for many years: creation, correspondence, minutes, financial records, special activities, etc.
Part 3 contains a large body of minutes of administrative meetings, conference proceedings, programs and activities of congresses, special reports, position papers, or briefs resulting from general assemblies, working committees, special meetings, etc., all presenting a wide picture of CSL’s corporate life between 1931 and 1996.

Part 4 brings together information on the Slovak Heritage Foundation and Youth Council. Part 5 contains materials on the publishing activities of CSL (The Canadian Slovak Publishing Co.), its periodical publications (Kanadský Slovák, Kalendár Kanadskej Slovenskej Ligy), its television program (ASlovak Spectrum®).

Part 6 gathers administrative, legal, engineering, and financial records related to real estate transactions carried out by CSL for land (Bratislava Park) and buildings (Slovak Villa, Canadian Slovak Building, Canadian Slovak Cultural Centre, Canadian Slovak Culture Centre, La Maison slovaque): purchases, construction, renovations, etc.

Part 7, the Photographs and other documents section, contains historical photographs and non-photographic material such as accompanying letters, postcards, stamps and photocopies of scores of Slovak song. The records document the life of Canadian Slovaks from the mid-20th century to its last decade. These documents were used in the three books on the history of CSL and in the book on Slovak pioneers. Some of the pictures seem to have originally belonged to the files of CSL for publication in its Kanadský Slovák or in its yearly Kalendár. Many of the photographs bear no authorship, no source, no date. Some of the photographs were taken by professional studios, others by individuals, and some by commercial firms for postcards.

The photographs and objects from this series have been stored separately for conservation reasons. Archival photocopies of photographs and objects have been placed in the file of origin. Please see the Graphic Material and the Objects finding aids for full descriptions.

The series offers material relating to ethnic associations, organizations and institutions and it is divided into three sections: A. Slovak, B. Other ethnic groups and C. Multicultural organizations and government bodies.

**Series 4. Ethnic Periodicals.** – 1955-1992. – 4 cm. of textual material (Box 566)

Imrich Stolárik ...left a substantial literary legacy. He also wrote dozens of articles for the Almanacs of the above-named newspapers and organizations, edited six Almanacs of the Canadian Slovak League and compiled and edited three of its major books: Kanadská Slovenská Liga 35-ročná (1967), Spomienky pionierov (1978) and Kanadská Slovenská Liga 60-ročná (1996). @ Obituary - Imrich Stolárik, Honorary Life President of the Canadian Slovak League / by Mark Marián Stolárik.

The series is organized into six parts: writings, personal correspondence, public awards and related material, personal papers, biographic material and photographs. The photographs and objects from this series have been stored separately for conservation reasons. Archival photocopies of photographs and objects have been placed in the file of origin. Please see the Graphic Material and the Objects finding aids for full descriptions.

This portion of the Fonds contains various pieces of information collected by I. Stolárik on a wide range of topics: Slovakia, its history, its politics, its economy, etc.; the Slovak people, their identity, their fights for human rights, their culture, etc.; Slovaks living in Canada and in the United States, their life, their struggles, their successes, their ethnic organizations, their social and cultural activities, etc.; World War II; the Jewish people; Poland, Hungary, their history, their politics; education, institutions of higher learning, religion, the Catholic Church, etc. Materials consist of newspaper clippings, photocopies of articles from periodicals, manuscript texts of articles by various persons, some correspondence, brochures and booklets from organizations, government publications, etc. Files have been organized in alphabetical order of topics.

**Series 7: Auxiliary Files.** – [1904-1999]. – 1.50 metres of textual material. – photographs. – 2 negatives. (Boxes 575-576, 1137-1142, HF10)

In the last portion of his archival collection, Imrich Stolárik has gathered personal collections of materials (correspondence, documents, photographs, etc.) obtained from several important figures within the Slovak-Canadian community, as background research materials for his books chronicling the history of the Canadian Slovak League, and for his numerous articles and papers on Canadian Slovak immigration. Major components of these auxiliary files are the papers of Andrej Kučera (1899-1974), founding President of the Canadian Slovak League, facilitator and active advocate of Slovak life and culture within Canadian Slovak communities; of Gabriel Kurdel (1898-1980) (born in Světy Kríž Nad Hronom, Slovakia), co-founder of the Canadian Slovak League, founder of several Slovak fraternal-benefit societies in Canada, and initiator of
several Slovak-language newspapers within Canadian-Slovak communities; and those of Juraj Rondoš (1900-1985), co-founder of the Canadian Slovak League and most important sponsor of hundreds of Slovak immigrants after World War II. Smaller auxiliary files include archival documents from other well known Canadian-Slovak pioneers: Jozef Ferančík, Ján Lukáš, Karol Murgaš, Peter Šuffák, Jozef Ľapák.

The series has been organized in eight parts, according to the name of the individual who provided the material. The photographs and negatives from this series have been stored separately for conservation reasons. Archival photocopies of photographs have been placed in the file of origin. Please see the Graphic Material finding aid for full descriptions.

NOTE ON ARRANGEMENT

This finding aid has been reformatted due to conversion to different software. We have taken this opportunity to store different format material such as photographs and objects in a separate area, for conservation reasons. Also, to facilitate access and retrieval of information, most publications from this fonds will be integrated into the library collection and will be accessible through the Library Catalogue. Publications from this fonds also appear at the end of this document, in the Publications List.

This work has generated changes in the finding aid concerning content of some boxes and descriptions of individual files. The former Supplement to the I. Stolárik Fonds follows the main finding aid in this document. As of 2007, researchers will find three separate finding aids for the Imrich Stolárik Fonds: Textual Documents, Graphic Material and Objects. We apologize for any inconvenience this may bring to researchers who have used this finding aid prior to 2007.

NOTE ON EXTREME DATES

N.B. For obvious reasons, the bulk of correspondence contained in this folder was addressed to Margita Vavro Stolárík (Imrich Stolárík=s wife) but was really intended for Imrich Stolárík. The focus of the correspondence described here is the gathering of first hand information and materials on the life and work of Kristína=s great-uncle,
Msgr. Andrej Hlinka, who was the subject of writings by Imrich Stolárik. Most letters from Slovakia are handwritten and some signatures were almost impossible to decipher. It follows that some letters may not have been attributed to the right correspondent.

C. Administrative Correspondence

This portion of the Fonds contains the official administrative correspondence of the Canadian Slovak League, chronicling its internal and external activities from 1936 to 1999. In most cases,
letters originate from Executive Officers of the League in their official functions at any given
time, as President, Secretary, Treasurer, etc., or with other organizations and/or corporate bodies
dealing with the League. Even though some letters deal with issues regarding individuals, this
section contains very few personal letters (See Correspondence in Series I). Because of its large
volume, correspondence in this section has been described at a minimal level, i.e. within each
folder, letters have been grouped by year, then arranged in chronological order from the earliest
to the latest, and given only a global statement of number of items for each year, or portion of a
year. Within the various folders, letters consist of Aín® and Aout® tls., carbon of tls.,
photocopy of tls., tls. form letters, photocopy of telegrams, als. notes, etc. Letters from a third
correspondent are attached to some of the main pieces of correspondence; some letters include
attachments such as minutes, financial statements, forms, etc.

E. Financial Records

Much information on the finances and financial activities of CSL can be found in Series 2. Part 2. Administrative Documents. C. Administrative Correspondence. However, the actual financial records have been collected in this portion E of Series 2. Records extend over sixty years, from 1939 to 1999, with a number of gaps for some years or part of certain years. The financial data is contained in various internal memos, correspondence, weekly, monthly and annual reports produced by clerical and administrative staff, and submitted to the Board and to the General Assembly of members by CSL's Supreme Officers. There are the semi-annual reports called Schedule of Changes in Investments and Loans for Life Insurance Business prepared for the Department of Insurance, Ottawa, studies produced by CSL's actuaries, annual financial statements produced by CSL's chartered accountants. One finds information on the transactions within and transfers between the Adult Mortuary Fund, the General Expense Fund, the Home Office Fund, the General Reserve Fund. Some financial reports include data on the transactions of special funds such as the Youth Heritage Fund, the Charity Fund, the Freedom for Slovakia Fund, the Tiso Memorial Fund, the Juraj Rondoš Campaign, and in more details, the National Jubilee Fund. These numerous documents record items of income such as dues, individuals' purchase of membership certificates (purchase, costs, schedules of maturity, payments), capital gains, donations, etc.; the management of insurance plans (rules, assets, premiums, payments, actuarial reserves, etc.); loans to CSL Branches, etc. Also documented are the League's investment activities such as purchases, sales, and transfers of shares, bonds, stocks, waivers and payments of dividends to shareholders, diversification of portfolios, etc. Investment expenditures and liabilities are given. Real estate transactions cover the purchase and/or gift of land, assessment of properties, transfer of deeds, acquisitions and/or renovations of buildings, insurance coverage, property taxes, etc. Income tax allocations, payments, appeals, etc. are reported. General expenditures related to the operational budget for the ongoing management of CSL offices, such as supplies, utilities, staff salaries, fees to professional firms, etc., are standard items of the financial reports. Special purchases and depreciation of furniture and equipment are listed. Costs of sponsored publications and special activities, costs related to the hosting of meetings, conventions and conferences, members' travel expenses, etc., are detailed on a regular basis. A few reports deal with the financial activities of some CSL Branches.

For more complete financial records of Kanadský Slovák, see also Box 548.16; Box 561.5-6. Some financial records are accompanied by pertinent legal and operational documents, such as the granting of Power of Attorney to the League's Officers, regulations for the protection of securities, insurance laws, bank accounts, bank securities, etc. Within folders, documents have been gathered by year and collected by type. Kanadský Slovák. The Canadian Slovak
Manuscripts and notes by Imrich Stolárik. Within this section dedicated to Kanadský Slovák, and under the heading Articles, are gathered hundreds of handwritten drafts and typewritten texts prepared by I. Stolárik. Some of these drafts are indeed articles on various topics, but others are letters, opening remarks to special events, reports of meetings, and others still, appear to be personal notes from a journal. It is not clear how many of these texts were actually used as articles in Kanadský Slovák, in Kalendár, in Branches= local Newsletters, used for the television program Slovák Spectrum, or sent to and published in other Slovak publications. The only indicators could be the occasional red pencil check mark, or the infrequent annotation KS, Kalendár, Spectrum, SvA, and Jednota found on some of the items. Some texts are signed and dated, many are not. In the case of unsigned items, authorship has been established on the basis of the handwriting. To facilitate consultation, dated materials have been grouped by year, followed by the regrouping of undated items.

561.9 - Writings produced by I. Stolárik between 1972 and 1995, collected in 7 notebooks of various types and formats. Approx. 400 texts.

561.10 - Writings produced by I. Stolárik between 1975 and 1994, on loose leaves. Approx. 130 texts.

**Varia: Slovakia, 1989-1990.**

This portion of Series VI contains a large number of Slovak newspapers, and newspaper articles from the Slovak daily and weekly press in 1989 and 1990. Materials cover all aspects of Slovak life before, during, and after the fall of Communism. Articles deal with Slovakia, its place on the international scene, the world=s perception of the new Slovak reality. Mostly, however, items collected here deal with national and local issues; politics of the new Government, political parties, politicians, reactions of the Slovak People to life within the new Slovak Republic, public celebrations, public demonstrations, ethnic relations, relations, the impact of recent changes on the return of exiled Nationals, the economy, labor conflicts, religion, Matica Slovenská, culture, arts, education, everyday events. Some articles are on/by Canadian Slovaks; others deal with life of Slovaks and Slovak Groups in Canada and the United States. Some items are retrospective analyses and historical studies of events, public officials, or specific conditions that have weaved the national fiber of today=s Slovakia. Since many newspapers cover a number of topics, materials have simply been organized by dates within each of the two years, with undated items filed at the end.

- Articles published in November and December 1989. Includes a number of undated clippings, published during that period, but showing no specific dates. 4 full issues. 35 clippings or single pages.

574.14 Varia: Slovakia. 1990.
- Articles published between January and September 1990. Includes a number of undated clippings, definitely published in 1990 but showing no specific dates. 30 full issues. Approx. 160 clippings or single pages.
These folders contain Mr. Kurdel’s professional correspondence. A small number of letters exchanged between Mr. Kurdel’s correspondents and a third party are also included. Most correspondents could be identified, but a few names could not be deciphered. A small number of letters are unsigned. In one or two cases, only the envelope is proof of correspondence with an individual. In the alphabetical listing of correspondents, names have been reported in the exact format used in the letter, i.e., initials have not been completed and different forms of the same name have been respected. Many items are handwritten in ink or lead pencil, some are typewritten, others are carbon or mimeographed copies of t.s., and of als. In general, the material is in good condition, but a few items are damaged and a few letters are incomplete. A certain number of letters have enclosures (not tabulated in the number of Aitems@), such as a newspaper clipping, an invoice, an announcement, the draft of an official text, a list of names, an invitation to a meeting, etc., and the 1935 folder contains letterhead paper from Slovak v Kanade. Within each folder, letters are filed by date, with undated items filed at the end.

Juraj Rondoš. General Correspondence

Under this heading is gathered Rondoš= professional correspondence as an agent of the Canadian National Railways= Department of Colonization and Agriculture, as a member of the CLS= Slovak Immigration Committee, as President of the Canadian Slovak League, and as a life-long advocate and facilitator for Slovak immigration to Canada. Correspondence in this portion of the Fonds reflects Mr. Rondoš=work activities, his dealings with governmental Departments and Officials, his involvement with international organizations geared to the well-being of emigrants, his frequent contacts with Slovaks in Europe and his long-term interaction with numerous members of the Canadian Slovak community on the issue of immigration. What is more, many immigrants kept in touch with Mr. Rondoš after their arrival, and for many of these Canadian Slovaks he was a pillar of support during their period of initial adjustment, as well as a source of advice and a channel of influence for many years afterwards. Thus, this portion of Mr. J. Rondoš= correspondence also sheds additional light on the life of immigrants whose immigration process was described above, under Files of Immigrants, boxes 1138-1141.
N.B. Some items of correspondence were exchanged between parties other than Juraj Rondoš. In some cases copies were sent to J. Rondoš. In other cases, we assume that M.
